

Using DigCCMixer

Search

Download - click on the small down arrow next to the song you want.

The screenshot shows the DigCCMixer website interface. At the top, there's a navigation bar with 'home', 'dig', 'featured', and 'about'. Below it, a search bar contains the word 'Indian'. The main content area displays 'Instrumental Music for Film and Video' with a list of songs. The song 'LA TRIPLETA' by virtualdjmax is highlighted. A red arrow points from the 'Download' label to the download icon (a small downward arrow) next to this song. Another red arrow points from the 'Search' label to the search bar.

Save – Right Click on the title and then Save Link As

Save the link in your **My Music** folder.

To add the music to your PowerPoint use the Insert menu in PowerPoint. If you have questions about how to do this, see Mrs. Collins.
